

Master in Fintech at TBS

Are you looking for a career in a rapidly expanding sector? Keen to work in an innovative global industry where your skills are in demand? With the rise of disruptive technologies and the new generation of Big Data and FinTech, concepts of money, payments, identity, and security need to be looked at through a new lens, so how can finance professionals respond early and effectively to ride the wave, and take advantage of the new opportunities before it is too late? The answer is easy: Apply to the new master program in Financial Technology “Fintech” launched by Tunis Business School (TBS) in collaboration with Vermeq.

APPLICATION AND SELECTION REQUIREMENTS

- Bachelor's degree or its equivalent (Licence + M1). Individuals who have completed university studies in economics, finance, computer science, business administration, engineering, mathematics, and other fields are eligible to apply. Applicants must have basic knowledge in information technologies and finance.
- English language proficiency — the level not lower than B2 (following the Common Framework of Reference for Language approved by the Council of Europe).
- To apply, please submit your **CV, statement of objectives** (why you are interested in this program) and a pdf copy of your **transcripts** to the following email address: fintech@tunis-business-school.tn by **May 20th at 5pm**

Candidates will be selected based on their application, followed by a written or online evaluation and an interview with a selection committee.
